## SMALL DOSES

The official eye-witness of the Willard Dempsey fight have not yet decided whether Willard was knocked down five times or seven times in the first round. Why not compromise on six and talk about something else? \*\*\*

The Bolshevik leaders in the Senate are claiming 38 votes against peace ratification, with the League of Nations a part of the treaty. Watch it dwindle when the public eye is focused on them!

Germany has ratified the treaty with surprising promptness by a vote of two to one and the war is over everywhere except in the United States Senate, where a few blood-thirsty Republicans are still fighting, and biting themselves.

They are going to try 50 prominent men of Bisbee, Ariz., for running a lot of striking I. W. W.'s out of town, who were trying to help Germany soon after America entered the war. The will of course be acquitted and their names ought to be placed on a roll of honor.

Speaking of Luke McLuke's "Names is Names," our news columns contain a notice of the marriage of Miss Pool to Mr. Waters.

T. G. Deakins, who was shot at Paterson, N. J., told the detectives not to bother about looking for the man who shot him, adding: "When I get out of the hospital I'll get him myself."

Knecht is doing great cartoon work in the Evansville Courier these summer days, while Mr. Roosa's editorials are classics. The Courier, by the way, has a new column of "Chaff" that is gaining a large following.

## MENTAL PROBLEMS

By Mathew Matticks.

The jaws of a girl chewing gum move one fourth of an inch each chew and she chews 48 times a minute. If she chews one hour a day, how many days will it take for her jaws to travel a mile?

A small boy "cutting across" the corner of the yard to the side gate, makes a path on the hypotenuse of a triangle that saves 15 steps each trip. If he makes two trips a day, how many miles does he save in a year?

If hogs are worth 22½ a pound on foot, what is the market value of a 200-pound man who occupies the end seat at a free show or a 160-lb. drummer who sits on one seat and puts his grip and his feet on another in a crowded car?

If the ex-Kaiser has sawed up 6,000 trees into cord-wood, in six months, how long will it take him to saw himself in accord with the rest of mankind?

## GOV. BLACK SPEAKS JULY 22

Will Be In Hopkinsville a Week From Next Tuesday.

Gov. James D. Black, will be in Western Kentucky counties for the next week or ten days and will speak at the Court House in this city on Tuesday July 22, at 1:30 p. m. Gov. Black has never spoken in this city and he will no doubt be given a large and enthusiastic audience, as he has a strong following in this county.

## REVIVAL IN PROGRESS AT CLEVELAND AVE. CHURCH

The revival at the Cleveland Avenue Church, conducted by Evangelist Smith and the pastor of the church, is being well attended. Services are held every evening and in the afternoon at 3 o'clock. Mr. Smith is preaching a series of able sermons.

## MAY KILL SQUIRRELS

The law against killing squirrels expired June 1, but squirrels are the only game which may now be killed. The dove law has another month to run and rabbits are protected all the year except the six weeks of the quail season from November 15 to January 1.

Now let some of those loud mouthed Senators say it to his face.

A Holstein bull was sold at Belvidere, N. J. the other day for \$100,000, or \$48 a pound. The animal was insured for \$70,000.

Following the announcement that William is to be exiled and not executed, there is a great rush of notoriety seekers to take his place. Five of his six sons who survived the war have offered to stand trial for him. Frederick William, with troubles of his own, threatens to do something terrible if they try to arrest him.

The wets in the county or at least the leaders of that faction in the Democratic party seem to be turning to Carroll almost to a man, while the country Democrats who are strongest for prohibition are nearly all for Black. The anonymous circular sent out some time ago, attacking Gov. Black and traced to the friends of Judge Carroll, has been followed by a circular letter boosting the Judge for Governor.

### Charged With Desertion.

Private Harry Radford, colored, an alleged deserter from Camp Taylor, was captured at Pembroke Monday by Postmaster W. W. Garrott, and turned over to the marshal there. A \$50 reward had been offered for his apprehension. Radford was returned to Camp Taylor.

### Taken To Reform School

Geo. H. Smith was detailed to take Cottrell Babbage, a negro boy, to the Reform School at Lexington and left with his charge Tuesday.

### Headed For Home.

Arthur S. Reeder wires his father, R. D. Reeder, that he is back on this side of the ocean, at present on the waiting list at Newport News.

### Biblical Thrift.

The Scriptures give us many lessons in thrift. Ezekiel warned the children of Israel that during the siege of Jerusalem they would have to be thrifty. He said: "Take thou also unto thee wheat, and barley, and beans, and lentiles, and millet, and fitches, and put them in one vessel, and make thee bread thereof."—Ezekiel iv: 9. The Bible shows that Ezekiel ordered the children of Israel to eat their meat by weight, and even thus only "from time to time."—*Thrif Magazine*.

### Most Valuable Garnets.

The oriental garnets are the most valuable and beautiful. They come principally from Pegu; and the town of Sirian having formerly been the chief mart for them, they are hence by corruption known among lapidaries by the appellation of Sirian-garnets. They appear to be the carbuncle of the ancients; their color is crimson, varying into a very red violet; they are transparent, and have a conchoidal fracture.

## The Valley of Delay

Many of us are in the Valley of Delay for no other reason than lack of pushability—lack of stickability—lack of an ideal—which is the steam generating the motive power to climb the grades of the mountains of opportunities. We have the best of intentions—we make starts—but when the grade becomes a little steeper the cold winds from the mountains chill our good intentions—we take a side tract in the Valley of Delay—awaiting a seemingly more auspicious time—letting those who have an ideal—plenty of steam—get the right-of-way and climb the mountains of opportunities.

The Valley of Delay has many sidetracks. The longest one is questionable pleasure. Useless extravagance has many sojourner. Dissipation and bad management switch some of the trains, but the main tract is rock ballasted, and those fired with ambition will keep it until the arrive at the destination of their hopes.

Home building should be the hope, ambition and ultimate destination of every man and woman. But—may be resting on the various sidetracks in the Valley of Delay. We have not our ambition fired up. We have set up for our standards false ideals, letting pleasure, extravagance, dissipation and speculation get the upper hand, stifling our desires for the better, nobler things of life.

Home building is an opportunity. Its planning and keeping a lifelong pleasure. Its financing will teach wise management and the avoiding of extravagance. Characters are developed in homes so that the follies and dissipations of the underworld will not appeal to the average home builder.

Then there is that satisfaction resting in the breast of the home builder that he has fulfilled a civic obligation and is a real citizen—in the true sense of the word—a builder contributing his share to the development of his city.

In Hopkinsville there are mountains of opportunities for the home builder. If you are sidetracked in the Valley of Delay it is your own fault. But the Main Line is open—throw the switch and join the ever-increasing ranks of progressive, happy and contented home owners in our community.

## KINCHELOE IS ACTIVE

Takes Prompt Steps To Secure Federal Court Here, On Request.

Secretary Dalton, of the Hopkinsville Business Men's Association, has received a letter from Congressman Kincheloe acknowledging receipt of a copy of the resolutions recently adopted by the Hopkinsville bar and endorsed by the H. B. M. A. asking that a Federal court be established in Hopkinsville.

Mr. Kincheloe states that he will introduce a bill in Congress providing for a Federal Court in Hopkinsville with two sessions to be held each year. These will be for two weeks each to begin the first Monday in February and the first Monday in June.

He also states that he is pushing the bill to give Hopkinsville at least two of the captured German cannon and one for the Jefferson Davis Park, Fairview, and hopes to secure these soon.

### Died at Hospital.

It is said by those who have employed them that the Chinese always cook by rule, if they have any rule to go by—following the receipt with the same scientific exactness with which the druggists put up a prescription. Hence their results are equally satisfactory. They never burn or spoil anything, nor spill materials on the floor; consequently, nothing that goes through their hands is wasted. They cook just enough and no more.—Hotel Gazette.

## District Residents Disfranchised.

Residents of the district of Columbia never had the right to vote there in for national officials, which would include the president, or on other matters of national concern, after the territory embraced in the district was ceded to the United States and became the seat of the general government.

## Learning by Experience.

Experience keeps a dear school, but fools will learn in no other, and scarce in that; for it is true, we may give advice, but we cannot give conduct. However, they that will not be counseled cannot be helped, and if you will not hear reason, she will surely rap your knuckles.—Frank!!

## JUST THINK OF THIS BOY

Item From Note Book of Red Cross Nurse Quoted by Secretary Glass.

Carter Glass, secretary of the treasury, copied the following note, among others, from the note book of a Red Cross nurse when he was in France:

One boy I shall always remember. His right shoulder was practically all shot away and he had a big wound in his back and one in his left eye. But he sat straight up and wouldn't let anybody help him. He didn't say a word while they pulled off the tight clinging gauze from the red, raw, wet flesh that quivered in spite of him. When the first wound was finished all he said was:

"Do you think I could rest a minute, Doc, before you do the second one?"

"Red, raw, wet flesh"—American flesh. It was not yellow. Think of that when you are asked to buy of the Victory Liberty Loan, ye who think ye have done enough.

## HANG ON!

Don't forget! Liberty Bonds are going above par. That is why brokers are advertising for them. Brokers know. Be wise. Hang onto your bonds.

## Cyclones and Tornadoes.

The so-called "cyclones" of the West are "tornadoes," which are whirling storms of great violence, but contracted in area. Tornadoes have been known whose greatest width did not exceed a few rods, and those which exceed several miles in width are very unusual. The ordinary storm, where the wind reaches a velocity of 40 to 60 miles an hour, has nothing in common with either a cyclone or tornado. It is a straight rush of air and does not whirl at all.

## DISQUIET SEEN AMONG SLOVAKS

Honeymoon of Revolution Passes and Disillusion Comes Upon Them.

## THREE ELEMENTS IN NATION

New Government So Far Has Recognized but One of Them in Rule  
—Magyars and the Peasants Are Ignored.

Pressburg, Slovakia, Bohemia.—Generally speaking, the situation in Slovakia, formerly a province of Hungary, now annexed to Czechoslovakia, is not without disquieting features. The honeymoon of the revolution has passed and some of the disillusionment bound to follow the introduction of a new regime has set in. The Magyars and the Magyarized elements have not as yet been reconciled to the new regime, and the peasants have recovered from their first enthusiasm. A difficult task of reconciliation remains to be performed by the Czechs.

The population of Slovakia is made up of three elements—Slovak Intelligencia, which has always been very strong for the union with Bohemia; the Magyars and Magyarized Germans, and the peasantry. The Intelligencia has been completely satisfied by the Czechoslovak government. The administration has been hundred over completely to the very small number of Slovaks doctors, lawyers, authors and professors that could be mustered for service.

### Magyars Ignored.

Meanwhile the Magyars and Magyarized elements have been quite ignored by the government except where the government could not find a Slovak to fill the job. Intense loyalty to the old Hungarian rule characterizes these people. They could be reconciled to new conditions were they taken into the Czech administration. But the government at present prefers to fill the vacancies left by the Slovak Intelligencia with officials from Bohemia and Moravia. This naturally angers both the Magyarized element and those Slovaks who are unfriendly to the Magyars.

A decided sentiment for real local autonomy is making itself felt. On the whole, the government may not be opposed to granting an outspoken demand for home rule in the province. The peasants do not take much interest in theoretical politics. They complain that the republic lasted only three days. By this they mean that they were allowed to plunder the Jews for only three days in the interval between the withdrawal of the Hungarians and the arrival of the Czechs.

During this time the peasants had a very free hand. There were very few towns or villages where they did not completely clean up the Jewish population, who are the shopkeepers and small traders, and at times lessors of estates. Now the peasants have no longer the Jews to plunder their interest in the new state has diminished. They were kept in a state of illiteracy by the Hungarians and therefore are by no means ripe for real self-government. However, just now they are very bitter because they claim the Czechs take their food supplies away.

### Bolshevism Not Popular.

Bolshevism has not taken a great grip on the peasantry. Slovakia is largely an agricultural district and we know farmers are always the most conservative element. In the few industrial communities in the more mountainous north and east a certain amount of unrest has developed. In Kassav, far eastward, the large mills are not working and the food situation is very bad, as it is in most of the industrial districts. Here the workmen hold meetings and growl in Bolshevik tone. Naturally Kassav is rather near the Hungarian border. So that Bolshevik there would be natural. In the other industrial districts the workmen seem to have taken out their class-consciousness in making big demands upon their employers. Not unusual was it for workmen to come to their employers and demand that they receive a percentage of all profits accrued since the war's beginning. With all this discontent the food situation is very much involved. The mountainous, which happen to be the industrial, districts are mostly very short of food and clothes. Many factories where leather and other products of the land are used function part time, but the men have not enough to keep themselves and their families in food. In some localities there are not even enough potatoes. Hence, as in some districts of Bohemia, the trend is toward Bolshevik.

Generally speaking, Slovakia would not be the first province to go up in anarchic flames. For the time being the Bolshevik overturn in Hungary has had indeed a rather quieting effect on Slovakia. The wealthy or well-to-do who were most attached to their old fatherland now do not relish the idea of returning to a Hungary which will take all their property. Now They're Married.

Son Francisco.—"I have loved your dear eyes—" ran a letter John Metzler dictated to his stenographer, Miss Rivers. "Who's it going to?" she asked. "Address it to yourself," said John. Now they are married.

## METHODISTS SHOULD GATHER NEW ZEAL

### Centenary an Inspiration Says Dr. Fisher.

Dr. Fred Fisher of New York, who has been assistant executive secretary of the Methodist Centenary drive, has turned his entire organization to the job of mobilizing Methodism in Columbus, June 20 to July 13.

In outlining the campaign he has placed before 78,000 committee members of the Methodist Church, he says: "We must stress four things. First, this will be a big Victory Celebration. The Methodists of the United States have lived more in the past year than in any 10 previous years of their existence. Now is the time for them to get together and celebrate their victory."

"In the second place, this is an opportunity for Methodists to have visualized the scenes and activities of which they have been talking for the past year, but of which they have no personal knowledge. Of these 78,000 men, only a negligible per cent has ever had the opportunity of going abroad. At the celebration they can get the trip around the world at their convenience."

"Third, this is the time to 'finish the job,' to gather inspiration and information to enable the organized workers in the church to carry out the program which has been mapped out for the next four years.

"Fourth, and most important of all, if the Celebration realizes the ideals which those who are back of it hold, it must be the inspiration for planning work for the next century. As we look upon the marvels that have been accomplished we should gather new faith and new zeal for enterprises that can be measured only in terms of another century. We must, in a word, weld ourselves together in a great spiritual purpose to strike the bull's eye."

Dr. Fisher indicated that 150 trained executives, in addition to the 78,000 volunteer workers, will stimulate interest in the Centenary Celebration during the next six weeks.

## JULY 7 NEGRO DAY

### Trips Planned For Visitors to Methodist Centenary.

Negro Methodists, in Columbus at Centenary Celebration visitors, will make a pilgrimage to Upper Sandusky, birthplace of the Home Missionary movement, to honor the memory of its founder, John Stewart, a man of their own race. The trip is scheduled for Saturday July 6.

Other trips planned include a visit to the grave of Ben Hanby, author of "Nellie Gray," in Otterbein cemetery, to Ohio Wesleyan University, Delaware; perhaps in smaller numbers to Wilberforce, and possibly to Oberlin, where so many found a safe haven in Civil war days.

Monday, July 7, has been designated officially as "Negro Day," and will be observed at the Centenary Celebration grounds with an elaborate program of pageantry, addresses, special music and parades. For this occasion, Dr. W. E. Dubois, editor of "The Crisis," published in New York, has written a pageant, "The Star of Ethiopia," which will be produced in the Coliseum by colored participants. The theme of the pageant is the evolution of the race traced through progressive stages of achievement to the present day. A chorus of 500 voices, all Negroes, will appear in the pageant.

The pageant music will be provided by the pageant music.

MISS HELEN NEWITT, dramatic lyric soprano, will be the soloist in "The Wayfarer," at Methodist Centenary Celebration in Columbus, O., June 20 to July 13. Henry Herbert, English Shakespearean Interpreter, and Mine Blanche Yurka, will have the leading speaking parts. Viola Ellis, contralto, will be a soloist.

The pageant will be presented on the largest stage in America, in the Coliseum of the exposition grounds, which seats 8,000 persons.

Nearly 1,000 costumed characters and a seated chorus of 1,000 trained voices will appear in the pageant.

Military Forces Many Control Courts And Custom Houses To Re-store Order.

The Hill House property fronting 60 feet on Ninth Street and running back 165 feet to Eighth street, containing two houses, was sold Thursday by J. L. Freedman to T. W. Garnett for \$15,600. Mr. Freedman bought it about two years ago for \$14,500.

The property, formerly the residence of the late H. G. Abernathy, was sold 25 years ago for \$2550, with the front building on Ninth St.

It was bought by Mrs. J. D. Hill who ran it as a hotel and later built the brick house fronting on Liberty street. After Mrs. Hill's death the property, then known as the Hill House, was sold to Mr. Freedman who has leased it for hotel purposes.

The new owner has not announced what use he will make of the property, but it will probably be converted into a business house.

The sale as a whole brought \$30 more than in lots.

Prizes aggregating \$10 were given away, \$5 being drawn by Hubert Ficken, \$2.50 by a man named Gray and \$2.50 by a man named Graves.

This property is located in the heart of the Ninth Street business section, and just across from the postoffice and is very valuable as was attested by the interest shown in it.

The sale was made by the Crawley-Campbell Auction Co., with Col. Gill Moore, of Nashville, as auctioneer. In the afternoon the same day they sold a large sub-division of lots two miles east of town on the Nashville Pike.

This tract had been divided into twelve lots ranging from 8 to 17½ acres.

Lot No. 1 was bought by Maxie Blythe for \$175 per acre.

Lot No. 2 was sold to Mrs. R. A. Shadoin at \$175 per acre.

Lot No. 3 was sold to W. T. Dougherty at \$175 per acre.

Lot No. 4 was sold to J. E. Stevenson at \$175 per acre.

Lot No. 5 was sold to J. E. Stevenson for \$175 per acre.

Lot No. 6 was an improved tract of 17½ acres and was sold as a whole to S. Y. Trimble for \$5,050.

Lot No. 7 went to S. Y. Trimble for \$152.50 per acre.

Lot No. 8 was sold to S. Y. Trimble for \$152.50 per acre.

Lot No. 9 went to S. Y. Trimble for \$152.50 per acre.

Lot No. 10 went to W. T. Dougherty for \$130 per acre.

Lot No. 11 went to W. T. Dougherty at \$130 per acre.

Lot No. 12 went to W. T. Dougherty at \$125 per acre.

**WHEN GIRLS ARE BAD**

**D**

**IT'S DUE TO THEIR HAIR**

**H**

Rochester, N. Y. July 9.—The effect of coiffures on manners of delinquent girls was described today to a legislative committee hearing charges against Flora P. Daniels, superintendent of the Western House of Refuge.

Mrs. Aurilla T. Desmond, a former matron in the institution, who resigned, testified that formerly the girls were not allowed to wear their hair fluffed or curled, but had to have it plain. Mrs. Daniels did not care how the arranged their hair, the witness said.

"When they were allowed to wear their hair fluffy or curly," declared Mrs. Desmond, "they became coarse in their manners."

Judge John D. Carroll will speak in Cadiz Monday.

### PRESIDENT TO FACE

President Wilson will face a Senate divided into two bitter factions when he delivers his message to that body. Republican senators are determined to bring about separation of the peace treaty and the League covenant and the President is ready to make the fight of his career to prevent such a step. Democratic senators are organized to resist the attack by the G. O. P. chiefs. Political students are confident that the Democratic Administration will win and declare a Republican victory is impossible.

## YOU NEED NOT SUFFER FROM CATARRH

### But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up yr nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely roots from your blood the Catarrh germs, for which it is a

# "NATIONAL HONOR" SLOGAN OF EIGHTH DISTRICT LEADERS

WAR LOAN ORGANIZATION MANAGERS HOLD ENTHUSIASTIC MEETING IN ST. LOUIS.

## CONFIDENT OF QUOTA

"Our Job Is Before Us and People Will Not Repudiate Debt of Honor," says Compton.

"National Honor" will be the keynote of the Fifth or Victory Liberty Loan campaign that opens April 21, according to W. R. Compton, Federal Director of War Loans for the Eighth District, who addressed the district managers of the War Loan Organization of the Eighth Federal Reserve District last Monday at the Mercantile Club-building, St. Louis.

In welcoming the visiting chairmen, David C. Biggs, newly appointed governor of the Federal Reserve Bank, said that he had confidence that the Eighth District would again be the first to subscribe its quota.

Mr. Compton stated that at the time of the signing of the armistice, the government was compelled to spend at the rate of \$2,000,000,000 a month. He explained that in anticipation of the Victory Loan \$4,800,000,000 of certificates of indebtedness had been issued and must now be taken up.

"Our job is before us," said Mr. Compton, "and I cannot believe that the American people will repudiate a debt of honor. The person who does not pay his debts does not have a good standing in the community. A nation that will not pay its debts has no standing in the great world family."

Mrs. Theodore Benois, director of the Women's War Loan Organization, stated that 150,000 women were ready to begin work at the command of the government in this district.

Vincent L. Price, sales director, explained to the managers the sales plans and urged them to get their sales organizations perfected to be ready for the state meetings which will begin within the next two weeks.

H. S. Gardner, publicity director, explained the publicity campaign and urged the chairmen to arouse the latent spirit of patriotism in their communities.

Tom K. Shultz, vice president of the War Loan Organization and chairman of the Bankers' Division urged that the bankers take an active part in the selling campaign.

A. O. Wilson, chairman of the Speakers' Bureau, explained the speakers' program and said that returned soldiers would be used as speakers during the campaign.

Representing the women of Illinois, Mrs. William H. Hart, chairman of the women's organization in Illinois, addressed the Monday meeting. She urged the women to impress on the purchasers the honor of holding their bonds. Mrs. Edward Torrance spoke in place of Mrs. Fred Lautenstein of Indiana. R. W. Akin of Sullivan, Ind., declared that he was glad of an opportunity to work in the loan and serve his country.

E. T. Frank of Owensboro, Ky., pledged the full share of Kentucky's quota of sales and co-operation. Lt. Ewert gave a graphic account of the life of a soldier from the time he arrived in the training camp in this country until he at last arrived in active service.

## NAVY FIRES OPENING GUN

"Watch the Navy" is slogan on Eve of Victory Loan Campaign.

The first shot in the Victory Liberty Loan Campaign, which will be opened officially April 21, was fired, by Josephus Daniels, Secretary of the Navy, just before he sailed for Europe. Thus the Navy, as is fitting, has, several weeks before the regular campaign begins, started off the Victory Liberty Loan, setting a patriotic example for the rest of the country to follow.

"Subscribe for \$5,000 worth of bonds for me," Secretary Daniels told Rear Admiral T. J. Cowie, U. S. N., the day he sailed. At the same time he revived the stimulating slogan used so successfully in the Fourth Liberty Loan, "Match the Navy." With our far-flung Navy holding safe the seven seas, the "Match the Navy" appeal, made originally by Admiral Cowie to Secretary of the Treasury McAdoo, did much to popularize the Loan and carry it to success. Now, in the face of our Navy's brilliant achievements, Secretary Daniels' revival of the "Match the Navy" idea takes on an added significance and will serve as a boost for the Loan all over the country.

## SECRETARY GLASS SAYS:

Talk about sacrifice of the American people! What is meant by sacrifice? Is it a serious sacrifice to invest one's money in the interest-bearing obligations of one's own government to make everlastingly secure the nation's freedom as well as the nation's property?

## Interested in Film Productions to Be Made at Methodist Celebration at Columbus, O.

DR. JAMES E. CROWTHER AND D. W. GRIFFITH.

The support of the motion picture world as represented by D. W. Griffith, well known film producer; was assured the Methodist Centenary Celebration at a conference in Columbus, the celebration being represented by Dr. S. Earl Taylor of New York, Dr. J. E. Crowther of Seattle, Dr. Fred Fisher of New York and Dr. C. F. Reiner of New York.

Mr. Griffith, in addition to promising to make a film of all important features of the Centenary Celebration, strongly urged the use of motion pictures in the advancement of religious work. He spoke strongly of the possibilities of the motion pictures under proper supervision being made to carry a religious message further than any known form of communication.

Dr. S. Earl Taylor, director general of the Centenary Celebration, made the statement that "we want pictures that talk the universal language. I believe the message of peace and good will should be preached to the world through pictures."

"I am glad to know they are going

to give motion pictures a practical demonstration at the Centenary Celebration," said Mr. Griffith. "The celebration will give the people in towns and villages a wonderful opportunity to visit the entire world by going no further than Columbus. There will be an extraordinary impression produced by seeing these villages of China, Japan and India, not peopled by amateurish actors, but inhabited by real natives from foreign lands."

"I have been astounded beyond measure at the breadth, extent and scope of the entire scheme as it has been revealed to me by Dr. Taylor, Dr. Crowther, Dr. Reiner and others. I understand the Methodist Church has \$140,000,000 and is going to celebrate its success with something more nearly resembling a world fair than anything else to which it can be compared. One would think that a generation at least is behind the movement. Doubtless, something greater than the greatest nation is behind it—a reawakened ideal and faith inspired to bind up the wounds of a torn and outraged world."

## Columbus Can Well Accommodate All Who Attend Methodist Celebration, Officials Say

**N**O CROWD which has been proposed for the Methodist Centenary Celebration will swamp Columbus, according to Mayor George J. Karb, who has received some inquiries from distant points regarding the ability of the Capital City to take care of the hundreds of thousands of Methodists coming from all over the United States for the Centenary Celebration, June 20 to July 12.

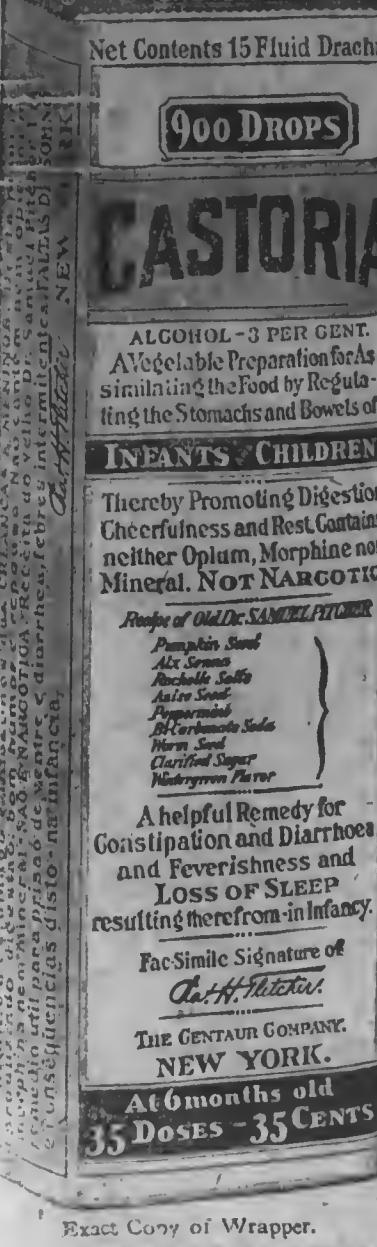

Mayor Karb says: "Columbus has always been equal to any situation. We are not going to fail the exposition crowds, no matter how many thousand there are. Tell them to come to Columbus town. We are ready with open hearts and open doors. Columbus can do it."

James T. Daniels, secretary of the Chamber of Commerce, says: "We can easily and satisfactorily accommodate three hundred thousand visitors." Organizing Secretary H. B. Dickson says: "Three hundred thousand my minimum estimate of attendance. Confident Columbus can take care of twice that number."

School teachers are scarce this year and as a result a number of the schools are still unsupplied. North of Hopkinsville, in Divisions 1, 2 and 3, the schools usually start the first Monday in July. But this year several of these schools have been unable to get under way on account of not having teachers.

Two of the schools in the county are not permitted this year, owing to the fact that the school census shows less than the required number of children of school age in the district.
